

WELCOME TO THE PLAINS

High Plains Farm Credit’s vision is to be the preferred source of agricultural financing. We are part of a network of nationally connected, locally owned financial cooperatives. Since 1916 Farm Credit has been devoted to agricultural financing and is the largest single provider of agricultural credit in the United States.

WHY HPFC?

OUR CORE VALUES GUIDE US

“At HPFC you not only feel valued and supported, but you also get access to exceptional benefits and programs designed to promote growth, work-life balance, and overall well-being!” – Sarah Linenberger

“I reached a point in my career where I needed a change and new challenges. I knew HPFC had a solid reputation for its business practices and the people were professional and second to none in this community. In my quest for a new career, I didn’t want to go backwards in what I had built at my old job in terms of benefits. HPFC exceeded my expectations with their benefits package. I feel truly blessed to “get” to work with great team members and in a solid work atmosphere.” – Sandra Meyers
